Agenda of Meeting

The agenda of the meeting is to plan abstract system design

Discussion

As this was our first meeting, so we briefly planned how to develop an abstract system design of the Food Panda Application. We shared our own thoughts and ideas with each other regarding the abstract system design and exchanged ideas and plans. We have basically 4 layers that are user interface layer, application layer, integration layer and database layer. Then we concluded the first meeting by making a plan and then started to develop and implement our plan accordingly.

Approval of Minutes
